Election/Restrictions

The amendment filed on 10/25/02 requires a further restriction requirement. Restriction among claims 10-15, 26-46 and 47-52 follows.

The inventions are distinct, each from the other because of the following reasons:

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 10-15 and 26-46, drawn to do-it yourself cigarette maker having the common special technical feature of tobacco rod compression mechanism.

Group II, claim(s) 47-52, drawn to drawn to do-it yourself cigarette maker having the common special technical feature of a housing having a plucking roller, funnel, tobacco chamber, and compressive pusher.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: As noted above the special common technical feature are not shared by Groups I and II.

A telephone call was made to James Cole on 11/19/02 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one

Art Unit: 1731

or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
